*Sourcing and Logistics Solution Provider*

## COMPANY PROFILE

**A**sia Sourcing Corporation was established in 2005 and is located in the heart of Memphis, TN, USA. We are one of the leading suppliers in the aluminum, steel, and fabricated metals industry. With years of professional experience in finding and developing relationships with manufacturers in Asian countries, Asia Sourcing Corporation has experienced steady growth and success specializing in the design and distribution of aluminum, steel, and plastic components. Our Memphis based company employs specialists with expertise in engineering, quality assurance, and logistics. Asia Sourcing Corporation takes the difficulty out of dealing with foreign entities, laws, and export documentation by handling the entire process from start to finish. We provide expedited deliveries and shipment consolidations to improve your efficiency and increase your bottom line. Through project analysis, value engineering, business negotiations, and quality audits, Asia Sourcing Corporation can meet your needs and work within your budget to produce cost-effective solutions for your business.

### **Cut Overhead Costs**

We buy directly from overseas which enables you to reduce your need for costly capital equipment and labor

### **Customize Your Parts**

We offer an array of finishing, aluminum, and stainless steel options to customize even the most complex designs

### **Increase Efficiency**

Our engineers look at the entire process from design to delivery and eliminate redundancies and extra costs

### **Sourcing & Logistics Solution Provider**

We have the experience and supply chain to make the entire process simple, efficient, and cost effective

## ALUMINUM EXTRUSIONS

### **Aluminum Extrusions: Almost Anything Is Possible**

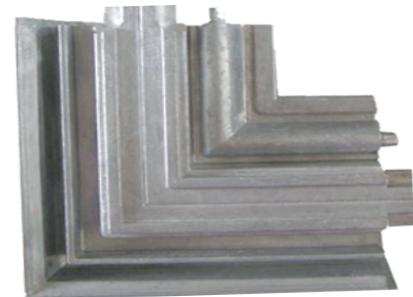

From doors and computers to trailers and tents, extruded aluminum parts can be used in nearly any product you can imagine. The aluminum extrusion process uses a powerful hydraulic press to force heated aluminum through a precision die to produce almost any profile you can imagine.

## CASTING

We supply various castings:

- Aluminum Die Casting
- Iron Casting
- Stainless Steel Casting
- Zinc Die Casting
- Sand Casting

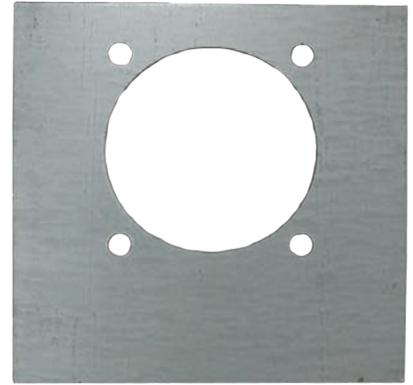

## STAMPING

### Stamping: Full Range Metal Stamping Services

Turn any shape into a reality with our metal stamping processes. We offer a range of metal stamping processes such as punching, embossing, bending, etc. The metal stamping process provides you with a cost effective, yet durable product.

## HINGES

We supply hinges with a selection of material and surface treatments.

Material:

- Stainless Steel
- Aluminum
- Carbon Steel
- Brass

Surface Treatments:

- Powder Coating
- Zinc Plated
- Mill

## INJECTED MOLD

### **Injected Mold: Create Simple to Complex Parts**

High Quality Injection Molding provides a faster and economical process to produce parts. No matter what your injection needs are, we can deliver.

## OFFICE CHAIRS & ACCESSORIES

Choose from a variety of quality and modern designed Office Chairs.

### Chair Accessories

- Chair Base
- Office Chair Casters
